PRIME ITALIAN KITCHENS

YOU THINK IT, WE MAKE IT

EVERYTHING WE DO IS MADE IN ITALY

WHO WE ARE

At Rossini Cucine, born within the cradle of Italian furniture industries, are inspired by the exceptional beauty of the sinuosity of the landscape of our region. Our company's philosophy is based on progress and innovation with an eye to our history and we are focused to promote eco-friendly products of Italian origin. We offer a wide range of kitchen components made exclusively with raw and semi-finished materials of Italian origin.

VISION

We believe a modern company should be flexible and fast and we work every day to improve ourselves in these respects. We want to revolutionize the furniture business by bringing innovation and simplifying as much as possible its procedures and systems.

MISSION

To achieve the maximum customer satisfaction and create unique kitchens and furnishings for each project. We carefully follow the instructions and requests of our customers when defining materials, colors and finishes to achieve the most suitable combination for the project and to provide exactly the product they requested and imagined.

CONTRACT

WHY CHOOSE US

Here are some of the key features, unique elements, and specializations that set **RC** (Rossini Cucine) apart, making our products highly desirable and valuable for prospective buyers:

1. **Eco-Friendly Materials:** Our melamine chipboard is made from 100% recycled materials and is EPA-certified for low emissions, ensuring an eco-conscious approach to production.
2. **Temperature-Resistant Edging:** We use polyurethane glue for edging, designed to withstand extreme high and low temperatures—something traditional thermo-adhesive or vinyl glues simply can't do.
3. **Advanced Machinery:** Our state-of-the-art machinery enables us to work on unique and complex product designs, supporting bespoke components with precision and quality.
4. **Italian-Made Hinges & Soft-Close Features:** Our cabinets and drawers feature Made in Italy soft-closing hinges, adding both elegance and durability to our designs.
5. **Innovative Support System:** Adjustable, heavy-duty plastic feet protect cabinets from direct contact with the floor, safeguarding the wood from potential water damage. This system also enables easy access for wiring and allows the toe-kick to be removed by hand, making inspection and cleaning simpler.
6. **Certified & Safe Materials:** We use sanitized, certified materials safe for contact with food, water, and cleaning detergents—guaranteeing product safety and hygiene.
7. **Ergonomic Design Excellence:** Meticulous ergonomic studies ensure that every measurement and proportion is optimized, inspired by Italy's legacy in design excellence—from Leonardo da Vinci to modern-day innovation.
8. **Timeless Aesthetics:** Our designs offer refined details and elegant aesthetics that complement any style, from classic to contemporary.
9. **Culinary Functionality:** Built with the Italian and Western culinary heritage in mind, our kitchens support practicality and functionality in every detail.
10. **Artistic Heritage in Design:** Drawing on Italy's rich artistic and architectural history, our designs are influenced by master architects like Bernini, bringing a sense of grandeur and timeless beauty to our products.
11. **Tested Components & Reliability:** All accessories and components are made with rigorously tested materials and mechanisms, ensuring consistent performance and durability.

Additionally:

12. **Legacy in the Brand:** ROSSINI CUCINE reflects a commitment to Italian artistry and cultural heritage. If desired, we can also explore the option of creating private-label products upon request.

Each of these features highlights our dedication to quality, functionality, and design, embodying the excellence that defines **Rossini Cucine**.
