Best of Belgium is a curated design platform by Fedustria that showcases the creativity, craftsmanship and diversity of Belgian furniture and object design. Through a carefully selected collection of iconic pieces, innovations and emerging talents, it offers an inspiring overview of Belgian design for an international audience. Presented in a refined, gallery-like setting, each object highlights the quality, materials and story behind the brand. By connecting physical design with digital storytelling through QR codes, Best of Belgium invites visitors to discover the people, traditions and vision that define Belgian design today.
