

D1 – A sensor faucet series
Designed by Matteo Thun and Antonio Rodriguez for DURAVIT

D1 is an aesthetic statement for a timeless shape

The delicate, clear design of the faucet series made of different materials shows state-of-the-art technology in a new, iconic form. The simplicity, the fluid transition of soft and sharp lines emphasizes the particular elegance and personality of the series. D1 creates a balance between hygiene and beauty, high-tech and sensitivity.
